Model 115.726.21.1

External Mixer AC Power Source

Product Specifications

Faucet shall be chrome-plated, all metal construction, solid brass spout measuring 4-13/16" from centerline of faucet.

Faucet shall feature: infrared self-adjusting sensor, single hole mounting; 115V AC power source required. All power source controls contained in spout cavity; removable shroud with external temperature control; flow control 2.2 GPM (8.3 LPM) vandal resistant aerator; stainless supply lines (provided); filters backflow preventers (provided); direct to supply stop connection.

Warranty

Five-year limited

Options

4" c.c. chrome bolt down plate
8" c.c. chrome bolt down plate
Service remote control
Point of use power converter
Transformer for bank installations

Optional Vandal Resistant Aerators

- 2.0 GPM (7.6 LPM) laminar flow
- 0.5 GPM (1.9 LPM) flow restrictor

Features

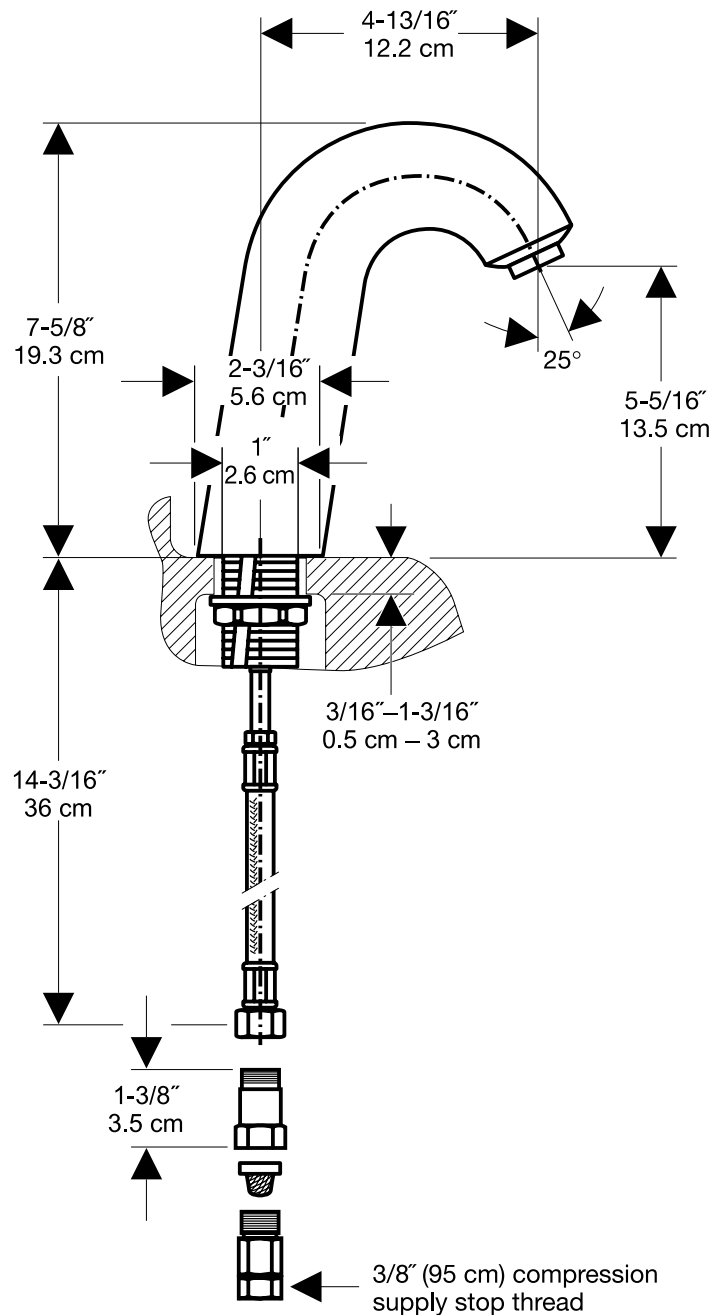

- Self adjusting infrared actuation
- External temperature control
- Above deck access to all electrical components
- Vandal resistant design
- Solid brass spout with triple chrome plating
- Vandal resistant aerator
- 2.2 GPM (8.3 LPM) flow
- Two I. R. sensors
- More accurate ranging
- Less false starts
- Complies with ADA requirements
- Exclusive 90 second cleaning cycle
- Full five-year warranty
- Statistical feedback
- With optional service remote

Technical Data

- Ambient temperature range: 35°-104° F (1.6-40° C)
- 100% relative humidity
- Pressure range: 15-115 PSI (1-7.9 bar)
- Max. supply temperature: 190° F (88° C)
- Max. mixed supply temperature: 112° F (44.5° C)
- Safety shut-off time – 40 to 60 seconds
- Adjustable
- Factory setting – 40 seconds

Compliance

- ANSI/ASME A112.18 - 2000
- Americans with Disabilities Act (ADA)
- CAN/CSA – B125
- UL listed
