

# New Options For Your Public Restroom

# New Products, New Solutions

Now, there are two new options for your lavatory installations from the leading name in commercial faucets – Chicago Faucets. These new faucets provide a durable, dependable option to locations where commercial needs or specific codes must be met. Both of these products are designed and manufactured to the high quality standards that have made Chicago Faucets the faucet of choice among top commercial locations and institutions throughout the world.

These new lavatory faucets are ideal for the following locations:

- Restaurants
- Healthcare
- Convenience stores
- Gas stations
- Light retail
- Churches

## The New 420 Series Single Control Lavatory Faucet Is Easy To Install and Designed for Long-Lasting Operation

Chicago Faucets brings a new, single control option for commercial lavatory installations. The 420 Series combines the durability of solid brass construction with the dependability of a time tested ceramic mixing valve. Easy to install and just as easy to maintain, the 420 Series is the perfect complement to our commercial lavatory product line.
