

ECAST® COMPONENTS AND REPAIR PARTS

Chicago Faucets offers a comprehensive selection of components and repair parts for ECAST products. The components and repair parts on this list meet the specifications of your existing ECAST product installations and should be used to repair or update any existing ECAST products, allowing you to maintain the product certification.

The components and parts on this list that make contact with the waterway have been manufactured with less than one quarter of one percent (0.25%) total lead content by weighted average. Chicago Faucets also offers a wide selection of components and repair parts for our standard faucets. Review your Chicago Faucets catalog or price list or contact your Chicago Faucets sales representative for more information.
