E-Tronic™ 20

Economical Option for Excellence in Reliability and Performance

E-Tronic™ 20 Electronic Faucet Line

The new E-Tronic™ 20 from Chicago Faucets incorporates advanced technology for dependable, reliable service. The hands-free, touchless convenience, provides for a more sanitary environment and improved water conservation. The E-Tronic 20 adjusts automatically to its environment through the use of efficient twin beam sensors, preventing false activations and providing quicker response time. The E-Tronic 20 is available with an AC adapter or a 6-volt lithium battery that delivers up to 200,000 activations.

FEATURES & BENEFITS

- Single hole, deck mount, electronic lavatory faucet with dual beam infrared sensor
- Cast brass spout with chrome plate finish
- Choice of 12 volt AC or 6 volt lithium CRP2 battery (Included with DC models)
- Choice of single supply for tempered water or concealed internal temperature control mixer
- Infrared sensing on/off activation operating mode with 40-second maximum safety shut off time
- Above deck components
- Above deck hermetically sealed electronic module
- Above deck solenoid with filter screen
- .5 GPM (1.9 L/min) vandal resistant pressure compensating spray outlet
- Meets or exceeds ASME A112.18.1M, CSA B125, ADA regulations
- Free spinning flexible stainless steel braided hoses with filter screens
