Chicago Faucets, a member of the Geberit Group, is the leading brand of commercial faucets and fittings in the United States, offering a complete range of products for schools, laboratories, hospitals, office buildings, food service, airports, and sports facilities. Whatever your requirements may be, Chicago Faucets offers standard and made-to-order products that are designed to meet any commercial application.

We are a member of the U.S. Green Building Council and support the Leadership in Energy and Environmental Design (LEED) Green Building Rating System™, to measure the efficiency and sustainability of buildings in the U.S. and Canada. If you are trying to achieve LEED Certification for your building, our low-flow outlets, metering cartridges, and sensor-operated faucets can contribute points in these areas: Water Efficiency Credit 2: Innovative Wastewater Technologies and Water Efficiency Credit 3: Water Use Reduction.

We are proud to be a partner with WaterSense®, sponsored by the EPA and designed to protect the future of our nation's water supply by promoting efficiency and enhancing the market for water efficient products, programs, and practices.

We are a charter sponsor of the Alliance for Water Efficiency, a non-profit organization that is dedicated to the efficient and sustainable use of water. It brings together a diverse range of stakeholders to advocate water efficiency and conservation.

The Art in Water Saving

Chicago Faucets pre-rinse sprays are specifically designed for superior water conservation, ultra-high performance, and industry-leading reliability. The Triple Force and 90 Series products have been specifically designed to save time and substantially reduce energy and water costs for restaurants, commercial kitchens, and institutions.

Conservation and Savings

The Triple Force and 90 Series provide incredible cleaning capability to reduce the time needed to complete the job, allowing you to easily service or replace the nozzle, bumper, and handle for years of use.

Work Time Reduction

The Triple Force and 90 Series products have been specifically designed to save time and substantially reduce energy and water costs for restaurants, commercial kitchens, and institutions.

Down Time Reduction

The Triple Force and 90 Series are backed by Chicago Faucets’ industry-leading 5-Year Warranty.
Triple Force™ — A Revolutionary Instrument for the Kitchen

Not every kitchen is the same and not every day in the kitchen is alike. Featuring a patented multiple spray nozzle system, the Triple Force allows the user to change patterns effortlessly to complete almost any cleaning job. The unique three-tip nozzle handles everything from baked-on sauce to the gentle rinsing of fine stemware. The heavy-duty, water-conserving design will save time and substantially reduce energy and water costs for restaurants, commercial kitchens, and institutions.

- 3 unique spray patterns to handle any job
- Low-flow, high-efficiency nozzle system
- Lower flow rate than industry standard (0.91 gpm)
- Industry’s best cleanliness time
- Industry’s best warranty – 5 Years
- Industry leading reliability
- Industry’s best cleanability time
- Interchangeable with all brands
- Available on complete fittings, interchanges with all brands
- Not every kitchen is the same and not every day in the kitchen is alike

Tool-Free Multiple Spray Pattern

Fan Spray
17º fan spray for general cleaning applications. Flow rate @ 60 PSI.

Solid Stream
Solid spray pattern with high-impact for tough soils. Flow rate @ 60 PSI.

Triple Action
Ultra low-flow for superior water conservation. Flow rate @ 60 PSI.

Codes & Standards
- ASME A112.18.1/CSA B125.1
- ASTM F2324
- Certified to NSF/ANSI 372
- Certified to NSF/ANSI 61, Section 9 by CSA
- NSF/ANSI 332

Chicago Faucets pre-rinse sprays are specifically designed for restaurants, commercial kitchens, and institutions.

Chicago Faucets’ industry leading 5-Year Warranty

The Triple Force and 90 Series are backed by industry-leading reliability. The Triple Force and 90 Series products have been specifically designed to save time and substantially reduce energy and water costs for restaurants, commercial kitchens, and institutions.

*Based on 3 hours of daily usage and industry average utility costs, industry-average water usage, and high-impact nozzle system.
The Triple Force and 90 Series are backed by Chicago Faucets’ 5-Year Warranty. The Triple Force and 90 Series provide superior water conservation without compromising product performance.

Conservation and Savings

Chicago Faucets pre-rinse sprays are specifically designed for standard 1.42 gpm, and "low-flow" competitor rate of 1.28 gpm. *Based on 3 hours of daily usage and industry average utility costs, industry-leading reliability and 5-Year Warranty.

90 Series — Low-Flow Pre-Rinse Valves

The 90 Series features a durable brass body, fine-spray valve, stainless steel nozzle, and solid brass handle — providing the strength to stand up to the daily grind. The versatile, interchangeable design allows the 90 Series to be used in pre-rinse, filler, and hose reel applications. Best of all, the 90 Series is built for the long haul and allows you to easily service or replace the nozzle, bumper, and handle for years of use.

- Chrome plated, brass body for superior durability
- Low flow rate (1.0 gpm) for water, energy savings
- Nickel plated brass valve stem operates smoothly
- Stainless steel activation spring for dependable operation
- Industry’s best warranty – 5 years
- Available on complete fittings, interchangeable with all brands

Other 90 Series Products

- 45º Angle Pre-Rinse
  - Features a flow rate of 1.0 GPM @ 60 PSI. It is perfect for industrial kitchens.
  - 90-HABCP

- 45º Angle Hose Reel Spray
  - Features a flow rate of 2.0 GPM @ 60 PSI. A perfect option for industrial or commercial applications.
  - 90-HRABCP

- 45º Angle Glass Filter
  - Features a flow rate of 2.2 GPM @ 60 PSI. A convenient high-volume system for filtering water glasses.
  - 90-ANGE3ABCP

- Gooseneck Filter
  - Feature a single screen outlet for high-volume applications, including pot filling, as well as other quick-fill needs.
  - 90-GNABCP
