

ELR Series

Touch-Free Ligature Resistant Faucets

TempShield[®]

Available with integrated ASSE
1070 compliant scald protection

A New Solution For Behavioral and Healthcare Applications

The ELR Series is designed for behavioral care and healthcare facilities where ligature points are a concern. The ELR combines the added safety of ligature resistance and touch-free operation with the durability of a heavy-duty, one-piece cast brass body. Power options and mixing – including integrated scald protection – are concealed in a secure, compact control box.

The ELR Series

Ligature Resistant

Rounded and sloped design to minimize ligature points.

Durable Construction

Heavy-duty, one-piece cast brass body with recessed vandal resistant outlet to withstand abuse and tampering.

Secure, Compact Control Box

Conceals and secures power, solenoid, mixing valve, and supply.

Added Safety

Available with integral ASSE 1070 compliant thermostatic mixing valve to help prevent scalding.

Optional Commander™ handheld programming unit maintains and monitors your faucets.

- Five Running Modes
- Hygiene Flush
- Track Usage
